But the goal \$0.00 is a leng way off yet. We must get to it, and by God's help, coupled with lets of persowning, desperate offers, we shall get there. Let the D.O's stake this matter it heart. We are in preent need of the cabinet photo of each other and soldier setting over 100 copies. These comrades should also send along some tit-bits in connection with their experience in Cay selling, also
